ABOUT ME

I am a passionate theatre and film lover and work in these fields as an actress, producer and director. In recent years, I have directed several award-winning short films and music videos. In 2022, I played the lead role in JF Amiguet's last film Old Boys in French and won a best actress award. I belong to the Swiss Film Academy and am therefore involved in the nomination and election for the Swiss Film Award. My repertoire of expressions has many facets - from Sleeping Beauty to Gollum - everything is possible except Barbie. I am also flexible and communicative. My interests include film and theatre as well as classical and contemporary music; I play the piano and sing. Having studied botany, I am passionate about identifying and discovering plants and animals on my many international travels.
